We had a well attended outdoor activity on June 27, 2021. We **hiked** the **Sawnee Mountain** for a total of **~4 miles**. We enjoyed the **views**, the **donuts**, the **chats**, and above all the occasional **rain**! We also came across wild animals including a beautiful **turtle** and a quite long **snake**. The Cub Scouts also reviewed the **Six Essentials** for outdoors and the **Leave No Trace (LNT) Seven Principles**!
